City Directory--"DON'TS"

DON'T put your directory in an out of the way place, but keep it in a place that your customers can see and use it without stopping some ONE to find it.

DON'T think that a directory is paying for itself unless you use it, any more than an idle clerk can make you money.

DON'T look mad when a customer asks to look at your directory.

DON'T look happy when a neighbor wants to borrow your directory, for if you do, he will borrow again and if all were borrowers, when would the next Directory be published?

DON'T forget that an up-to-date City must have a Directory and a merchant that has no DIRECTORY is what?

DON'T forget that a Directory borrower to-day will forget to return it to-morrow and you call him what?

DON'T forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for. What do you call him?

Stability AND Permanency

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"*Fly-by-night,*" "*fire-sale*" and other temporary or "*get-rich-quick*" concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising, is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

The Publishers of this Directory

WHAT DO YOU DO WITH THE OLD DIRECTORY ?

Why not take the old book home now that the new one is out. Many of our subscribers are doing this and tell us it is quite as necessary to have one in the home now as in the office.

Your Wife will find many uses for it. She can look up the people she meets and find out who's who in Des Moines. She will use it for invitations, addresses, streets, etc.

Your Daughter can look up her friends, their parents, club, church and society data, and miscellaneous information of all sorts. Find strange streets and exactly how to reach them.

Your Son will find it both interesting and instructive. It will settle many a friendly argument

The Old Folks can look up their old friends, the various facts concerning the city, and they will marvel at the city's wonderful growth.

You Will Use It Yourself

and the folks will thank you for bringing it home

The Sign over your door

IT is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The **City Directory** is where many people look when they want to find you. You should make it easy for them to find you by putting in the directory such information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.

Send for the City Directory Advertising Man and let him explain this to you in detail.
